TCLP - Sludge.docx

Hi, Byron.

Attached are the TCLP analytical results for the sludge sample that indicates the quality of sludge in the Red and Bonita Ponds. I believe Matt was waiting for this information before disposing of the rolloff containing the Red and Bonita pond liner.

Let me know if you have questions.

Jan

Subject: Sludge Pond TCLP Results

Please see the attached TCLP results for the sample collected from the Gladstone Sludge Pond on October 24, 2015. The sample results were far below the TCLP regulatory limits.
